

CONFETTI BLOCK

We are making a cheerful, light and bright quilt so you are encouraged to use colorful fabrics (for piece B) but of course want you to use what you already have in your stash. Please use **WHITE WHITES** for the background on pieces A, C, and D. (like a Kona white or something similar) – no cream whites please.

We will be making 6" blocks. Use a $\frac{1}{4}$ " stitch seam (I know you already know that)

For two blocks, cut:

One: $4\frac{7}{8}$ " x $4\frac{7}{8}$ " white block (A)

One: $4\frac{7}{8}$ " x $4\frac{7}{8}$ " colored block (B)

Two: 2" x $4\frac{1}{2}$ " white strip (C)

Two: 2" x 6" white strip (D)

1. Draw a line on the diagonal from corner to corner on the wrong side of fabric (A).
2. Place together (A) and (B) right sides together and sew $\frac{1}{4}$ " along both sides of the drawn line.
3. Cut along the pencil line. Open the block and press to the dark side.
4. With the colored fabric in the upper left hand corner, sew the shorter strip (C) to the top of the block.
5. Sew the longer strip (D) to the left of the colored fabric (B)
6. When squaring the blocks to 6", be sure to trim along the white sides (C) and (D) rather than around the points.
